Laurence's approach:

Calm, effective, supportive, collaborative. I know what it's like to win in business but I also know what it's like to fail. This has given me a great insight into the highs and lows of running your own business. Together we can utilise 23 years of accumulated ActionCOACH knowledge and experience to turn your business into the commercially sound and profitable enterprise it was meant to be.

Laurence's mission as a Business Coach:

With the right tools, the right attitude and an open mind you can get the results you want and build a long lasting, profitable and sustainable
